

Agent Appointment / Termination Fees

An appointment is required for each line of authority an agent/agency is authorized to write for the insurer. Each insurer shall pay to the Superintendent of Insurance a fee of \$15.00 for each initial and annual renewal of an agent/agency appointment.

Monthly appointment assessments are derived by determining the total number of agents appointed to an insurer during the preceding month and then assessing a \$15.00 appointment fee for each line of authority an agent is appointed to write.

Annual appointment assessments are derived by determining the total number of agents appointed to a company as of July 1st and then assessing a \$15.00 appointment fee for each line of authority an agent is appointed to write.

As of September 29, 2013, Ohio Department of Insurance no longer assesses an appointment termination fee.

Effective June 30, 2014, the fee for initial appointments were reduced from \$20.00 per appointment to \$15.00 per appointment. An initial appointment processed and effective prior to June 30, 2014 will be invoiced at the previous rate of \$20.00 per appointment.
