# About the Director

An accomplished public servant, attorney and community leader, Mary Jo Hudson officially took office as the 46th Director of the Ohio Department of Insurance on January 8, 2007. She was appointed by Governor Ted Strickland to join his cabinet on December 21, 2006.

Under Director Hudson's leadership, the Department has made great strides to protect insurance consumers and promote a healthy insurance market. The Department has increased its efforts to empower Ohio's seniors to protect themselves and has fostered collaboration among its internal divisions and with other state agencies to combat predatory insurance sales practices that are directed toward Ohio senior citizens.

Director Hudson led Governor Strickland's efforts to reduce the number of uninsured Ohioans by 2011. The Department led a comprehensive approach to covering Ohio's uninsured residents, bringing together a broad-based coalition of stakeholders and interested parties. With the group's recommendations Ohio's budget bill, H.B. 1 of the 128th General Assembly, will now enable approximately 109,000 more Ohioans to access to health insurance and allow for improvements in the quality and cost effectiveness of Ohio's health care system.

Ohio is a member of the Interstate Insurance Product Regulation Compact ("Compact"), which, enables an insurer to file a single asset-based (life, annuities, long term care, disability insurance) product that, when approved, can be sold in all 36 member states. In 2008, Director Hudson served as the vice chair of the Interstate Compact's Management Committee, and has led Ohio's efforts to work with other states to develop common product standards, which will make the insurance marketplace more efficient.

Prior to her appointment as Director of the Department of Insurance, Director Hudson served on Columbus City Council from 2004 to 2006. Director Hudson also practiced law for eighteen years, most recently with the Columbus offices of Bailey Cavalieri LLC and its predecessor, Arter and Hadden LLP, focusing on insurance regulation and liquidation law, consumer finance and retail law compliance, unclaimed property planning and reporting, commercial lending, state and federal advertising law, and general corporate matters. From 1989 to 1995, Director Hudson worked as an attorney with the Ohio Department of Insurance and as General Counsel for the Office of the Ohio Insurance Liquidator.

In 2008, insurance companies operating in Ohio wrote more than \$55 billion in insurance premiums, and were assessed approximately \$432 million, which is credited to the state's General Revenue Fund. ## **State Coverage Initiative (SCI) Team Issues Report that Recommends Comprehensive Health Care Coverage Reforms in Ohio**

The State Coverage Initiative (SCI) team, appointed by Ohio Governor Ted Strickland, issued a report in July entitled *Covering Ohio's Uninsured: The SCI Team's Final Report to Governor Ted Strickland*, which recommends health care coverage reform options for the State of Ohio.

Since September 2007, Ohio has been one of 14 states to participate in the State Coverage Institute sponsored by Robert Wood Johnson Foundation's State Coverage Initiatives (SCI) program. Over the past year, the SCI team worked diligently to uncover the facts about Ohio's uninsured residents, Ohio's health insurance programs and markets, and the gaps in the current system that cause many Ohioans to be uninsured. The SCI team also worked closely with the Health Care Coverage Initiative Advisory Committee, a group of over 40 stakeholders appointed by Governor Strickland, to study proposed alternations to our current system, and develop a comprehensive set of recommendations to cover Ohio's uninsured residents. These recommendations are based on the best available information and the diverse views of those impacted by Ohio's health care and coverage systems.

Recommendations include:

- Requiring employers to establish §125 Plans
- Reinsurance for individuals and small businesses
- Extending group coverage to dependents up to age 29
- Premium assistance for low income workers
- Enrolling more Ohioans in Medicaid and expanding Ohio's Medicaid to high income levels
- Allowing non-Medicaid eligible adults to enroll in Medicaid managed care plans

## STOLI Legislation Protects Ohio's Seniors

The Ohio General Assembly enacted Amended Substitute House Bill 404, which included amendments to the Ohio Insurance Code that would help to limit Stranger Originated Life Insurance (STOLI) transactions in Ohio. The Department continued its pledge on behalf of Ohio's seniors to fight unsuitable practices by those selling certain Medicare, annuity and Stranger/ Investor Originated Life Insurance (STOLI) by holding statewide speaking engagements and senior summits along with workshops with the insurance industry. # Accomplishments

## **Director Hudson Opposes Optional Federal Insurance Charter**

Insurance Director Mary Jo Hudson spoke before the Ohio General Assembly's House Insurance Committee in February to express her support for a legislative resolution in support of state-based insurance regulation. The Department – along with other state insurance agencies – opposes a separate, federally-based regulator for the business of insurance. The Director said that insurance produces many issues unique to other industries – such as the federal oversight of banking and securities – that require local expertise. Insurance products can generate a high level of consumer backlash and dissatisfaction that requires a higher level of regulatory resources and responsiveness, best done by state officials, the Director said.

## **Department Assures Ohioans Insurance Industry is Strong, Despite Economic Downturn**

Department officials worked to assure Ohioans that the insurance industry is viable and solvent, despite the recent economic downturn and the troubles being reported internationally regards American International Group (AIG), the world's largest financial conglomerate. AIG was given a federal government financial lifeline due to its poor investment decisions made by its parent company, regulated by the federal government. However, the Department reported that AIG's insurance company subsidiaries that operate in Ohio are financially stable and the Department will continue its vigilant oversight of them. The Department also cautioned agents against disparaging AIG products using misinformation in order to unnecessarily resell insurance to consumers.

Data collected from entities providing medical malpractice coverage to Ohio health care providers and health care facilities shows a total of 4,004 medical malpractice claims were closed in 2006. ## Helping Ohioans Understand Potential Pitfalls of Minimum Auto Coverage Requirements

The Department of Insurance and the Ohio Bureau of Motor Vehicles teamed up to inform consumers about the state's minimum coverage requirements for automobile insurance. The Department developed a consumer guide regarding minimum auto coverage limits and posted the guide on its website, as well as the Ohio Bureau of motor vehicles website. In addition, the Department worked with Ohio media outlets to communicate the importance of securing minimum coverage. Ohio law requires drivers who purchase automobile insurance to demonstrate Financial Responsibility (FR) to have at least \$12,500 of Bodily Injury or Death Liability Coverage per person (\$25,000 for 2 or more persons), as well as \$7,500 of Property Damage Liability Coverage for any one accident. However, many times accidents result in damages that exceed those minimum coverage limits. If the at fault driver's insurance policy limits are exceeded, then the at fault driver may be personally responsible to pay the difference not covered by the automobile insurance policy.
